## **TAZEZ Advanced Industrial's Safety Philosophy**

Our approach to safety is the belief that all injuries can be prevented .We shall investigate any incident, however minor to improve up on unsafe acts and conditions.

Our aim is to establish a work culture, in which we make all management responsible for safety.

Working safely is a condition of employment and safety is an important aspect of the employee's performance evaluation. Persistent disregard of safety can lead to employee's dismissal.

We emphasize on safety training programme as Training employees to work safely is essential
